b) Differentiate between tacit and explicit knowledge.

Q7. At present, apart from the basic pay and allowances as a part of compensation, the employees and employers contribute 12% of basic wages each towards Employees Provident Fund scheme and Employees Pension Fund scheme. A proposal to reduce the contribution by employers and employees to 10% of basic pay and dearness allowance was listed on the agenda for a recent meeting of Employees Provident Fund Organization held. The stakeholders expressed their reservations about it and they feel that it should be continued at 12%. Explain any two needs as suggested by Maslow's Need Hierarchy Theory, which will not be satisfied by the incentives discussed above.
